PLEASE ADDRESS CORRESPONDENCE TO THE GOVERNOR

VISITOR EARNINGS & REMITTANCES REPORT SEPTEMBER 2018

This report is a monthly release of the latest available indicators on the tourism sector and private remittances, with information sourced from the Central Bank, Samoa Bureau of Statistics and the Ministry for Revenue.

Report No.3: 2018/19

September 2018

The total **visitor arrivals** expanded by 13.4 percent to 14,843 persons over September 2017, but was 9.1 percent lower when compared to the previous month, in line with seasonal trends in the past two years.

Underpinning the overall increase in arrivals over the year partly reflected several sporting activities that occurred during the month, such as the Fifth Oceania Tennis Championship, 10th Perimeter Relay, Ford Tour Title for bikers, Rugby Touch Tournament as well as the annual Teuila Festival celebrations.

By country, the increase in visitor arrivals over the same month last year was due to expansions in visitors from;

- USA (up 37.8 percent);
- New Zealand (up 25.9 percent);
- Australia (up 15.6 percent);
- Europe (up 9.3 percent)

By purpose of visit, substantial improvements were recorded for:

- Sports (up by 156.4 percent)
- Visiting Friends and Relatives (up 59.3 percent)
- Holiday (up by 10.6 percent)

These managed to outweigh decreases in those for 'Business and Conference' and 'Other' purposes.

Moreover, total visitor arrivals in the first three months of 2018/19 were 9.2 percent (to 50,405 visitors) higher compared to the same period last year. By purpose, the only increase was recorded for the 'Visiting Friends and Relatives' (VFR), which rose by 47.9 percent. By country, total visitors from Europe, USA, New Zealand and Australia all grew by 43.7 percent, 28.9 percent, 18.8 percent and 13.9 percent respectively.

As a result of a 7.7 percent increase in the average visitor expenditure, **total visitor receipts** expanded by 22.1 percent (or \$7.8 million) to \$43.1 million over the same month last year. In contrast, the current visitor earnings was 6.7 percent lower than its earnings in August 2018.

Total visitor receipts in the first three months of 2018/19 expanded by 17.9 percent to \$137.5 million, over the same period of 2017/18. Largely responsible for this increase were higher visitor earnings from Europe (up 51.2 percent), USA (up 33.3 percent), New Zealand (up 25.4 percent), Australia (up 18.6 percent) and 'Other countries' (up 7.4 percent). Proceeds from visitors such as 'VFR', 'Other' and 'Holiday' all rose by 54.4 percent, 12.3 percent and 4.5 percent in that order.

The **tourism price index** was 3.6 percent higher compared to September 2017 due to gains in 'Other Transportation', 'Meals and Drinks', 'Family Obligations' and 'Miscellaneous' sub-indexes.

Total private remittances in the reviewed month rose by 8.7 percent to \$36.9 million, compared to same month last year. However, this was 24.5 percent lower than August 2018.

The expansion in the private remittances over the same month last year was accounted for by increases in funds from source countries such as 'American Samoa' (up by 25.3 percent), 'Others' (up by 16.7 percent), 'New Zealand' (up by 14.1 percent) and 'Australia' (up by 9.6 percent).

As a result, the **total inflow of remittances in the first three months of 2018/19** increased by 17.5 percent to \$127.7 million over the same period last year. Responsible for the overall increase in the first three

September 2018

VISITOR EARNINGS & REMITTANCES REPORT

months, were gains in transfers from 'USA' (27.5 percent) (partially assisted by the 4.4 percent appreciation of US dollar against Samoan Tala), 'New Zealand' (up 23.8 percent), 'American Samoa' (up 20.9 percent), and 'Australia' (up 17.2 percent). By recipient, total funds for 'hand-carried cash', 'non-profit institutions serving households (NPISH), 'family and households' all rose by \$11.9 million, \$5.3 million and \$3.5 million respectively.

The share of remittances inflows coming through money transfer operators (MTOs) improved to 87.8 percent from 84.5 percent in the same period last year. In contrast, the ratio of transfers that came through the

banking system contracted to 12.2 percent from 15.5 percent in September 2017.

CENTRAL BANK OF SAMOA 29th October 2018
