# VISITOR EARNINGS & REMITTANCES REPORT OCTOBER 2018

This report is a monthly release of the latest available indicators on the tourism sector and private remittances, with information sourced from the Central Bank, Samoa Bureau of Statistics and the Ministry for Revenue.

Report No.4: 2018/19 October 2018

The total **visitor arrivals** expanded by 18.9 percent to 14,523 persons over October 2017, but was 2.2 percent lower when compared to the previous month.

The overall increase in arrivals over the year was partly due to one-off events that occurred during the month, such as the Pacific Tourism Ministers meeting, Pacific Trade Invest Forum, as well as the usual White Sunday holiday.

By country, the increase in visitor arrivals over the same month last year was due to expansions in visitors from;

- Europe (up 90.4 percent);
- USA (up 86.5 percent);
- Other countries (up 20.5 percent);
- Australia (up 17.7 percent);
- New Zealand (up 11.8 percent)
- American Samoa (up 4.0 percent)

By purpose of visit, modest improvements were recorded for:

- Visiting Friends and Relatives (up by 48.2 percent)
- Holiday (up 13.5 percent)
- Sport (up by 4.9 percent)
- Business & Conference (up 3.6 percent)

These outweighed a 3.4 percent drop in those for 'Other' purposes.

Furthermore, total visitor arrivals in the first four months of 2018/19 was 11.2 percent higher (to 64,928 visitors) compared to the same period last year. By purpose, the only expansions were recorded for both the 'Visiting Friends and Relatives' (VFR) and 'Holiday', which rose by 48.0 percent and 2.6 percent respectively. By country, total visitors from Europe, USA, New Zealand

and Australia all grew by 53.7 percent, 37.9 percent, 17.2 percent and 14.8 percent in that order.

Due to a 2.8 percent increase in the average visitor expenditure together with the hike in arrivals, **total visitor receipts** rose by 22.2 percent (or \$7.8 million) to \$42.7 million over the same month last year. In contrast, the current level of visitor earnings was 0.8 percent lower compared to September 2018.

Total visitor receipts in the first four months of 2018/19 expanded by 18.9 percent to \$180.3 million, over the same period of 2017/18. Primarily underpinning this overall increase was higher visitor earnings from Europe (up 59.2 percent), USA (up 40.9 percent), New Zealand (up 23.0 percent), Australia (up 19.4 percent) and 'Other countries' (up 12.7 percent). Proceeds from visitors such as 'VFR', 'Holiday' and 'Other' purposes all rose by 54.0 percent, 6.6 percent and 5.4 percent in that order.

The **tourism price index** was 3.1 percent higher compared to the same month last year due to gains in 'Other Transportation', 'Meals and Drinks', 'Family Obligations' and 'Miscellaneous' sub-indexes.

**Total private remittances** in the reviewed month grew by 7.9 percent to \$42.1 million, compared to October 2017 but was 12.3 percent lower than September 2018.

The expansion in the private remittances over the same month last year was accounted for by increases in funds from source countries such as 'USA' (up by 11.0 percent), 'American Samoa' (up by 11.0 percent), 'Other countries' (up by 97.6 percent), 'Australia' (up by 1.3 percent) and 'New Zealand' (up by 0.9 percent).

As a result, the total inflow of remittances in the first four months of 2018/19 increased by 15.4 percent to

### October 2018

### **VISITOR EARNINGS & REMITTANCES REPORT**

\$170.4 million over the same period last year. Responsible for the overall increase in the first four months, were gains in transfers from 'USA' (23.3 percent) and 'American Samoa' (up 18.7 percent) (partially assisted by a 4.4 percent appreciation of US dollar against the Samoan Tala), 'New Zealand' (up 17.7 percent), and 'Australia' (up 13.5 percent). By recipient, total funds for 'hand-carried cash', 'non-profit institutions serving households (NPISH) and 'family & households' all rose by \$15.3 million, \$3.6 million and \$6.7 million respectively.

The share of remittances inflows coming through money transfer operators (MTOs) improved to 82.5 percent from 72.7 percent in the same period last year. On the

other hand, the ratio of transfers that came through the banking system dropped to 17.5 percent from 27.3 percent in October 2017.

CENTRAL BANK OF SAMOA 6<sup>th</sup> December 2018
