# VISITOR EARNINGS & REMITTANCES REPORT December 2020

This report is a monthly release of the latest available indicators on the tourism sector and private remittances, with information sourced from the Central Bank, Samoa Bureau of Statistics and the Ministry for Revenue.

### *Report No.6: 2020/21*

### December 2020

## **Visitor Arrivals**

As the Covid-19 pandemic continues to afflict people and economies all over the world, Samoa's international borders has continued to be close allowing only intermittent repatriation flights. In this regard, tourist arrivals and earnings remained zero for the last month of 2020.

## **Private Remittances**

Total private remittances in December 2020 recorded an increase of 0.3 percent (or \$0.2 million) to \$57.4 million over December 2019 and was 22.7 percent (or \$10.6 million) higher than the previous month reflecting the seasonal peak for the end of the years festivities.

This improvement over December 2019 was accounted for by increases in funds received from American Samoa (up by \$1.1 million), New Zealand (up by \$0.5 million) and Australia (up by \$0.2 million) respectively, offsetting reductions of \$0.9 million and \$0.7 million in receipts from United States and 'other countries' in that order. By recipient, the 'Family and Households' category went up by 13.0 million against decreases in all other types of recipients.

As a result, total private remittances in the first six months of 2020/21 expanded by 13.3 percent (or \$38.0 million) to \$322.4 million over the same period of last year. Accounting for this increase were higher transfers from Australia (up by \$25.9 million), New Zealand (up by \$16.3 million) and American Samoa (up by \$9.7 million). Partially responsible for this expansion was the depreciation of the Samoan Tala against both the Australian dollar by 3.1 percent and New Zealand dollar by 1.8 percent. In terms of recipients, total funds for 'Family and Households' rose by \$87.2 million for the last six months.

The monthly share of remittances inflows received through Money Transfer Operators (MTO's) edged up to 90.4 percent from 84.5 percent in December 2019 while those received directly through commercial banks fell to 9.6 percent from 15.5 percent last year.

The average monthly cost of sending NZD\$200.00 to Samoa fell to 10.27 percent from 12.63 percent in December 2020 while the average cost of sending AUD\$200.00 also fell to 8.46 percent from 8.66 percent over the year
