VISITOR EARNINGS & REMITTANCES REPORT January 2021

This report is a monthly release of the latest available indicators on the tourism sector and private remittances, with information sourced from the Central Bank, Samoa Bureau of Statistics and the Ministry for Revenue.

Report No.7: 2020/21 January 2021

Visitor Arrivals

With the continuous closure of Samoa's international borders for safeguarding and protection of our people with the exception of scheduled repatriation flights for returning Samoan citizens only, both tourist arrivals and earnings remained at zero for the tenth consecutive month.

Private Remittances

Total private remittances recorded a drop of 14.0 percent (or \$6.4 million) to \$40.5 million when compared to the same month last year and was also 30.0 percent (or \$17.0 million) lower than the previous month.

Primarily contributing to the overall decrease over the year were less funds received from New Zealand (down by \$4.0 million), 'Others' (down by \$3.0 million) and Australia (down by \$1.4 million) whereas by recipient, reductions were also recorded for 'Hand carried cash' (down by \$12.3 million), 'Others' (down by \$1.5 million) and 'Non-profit institutions serving households (NPISH), (down by \$0.1 million).

Nevertheless, total private remittances for the first seven months of 2020/21 were still higher by 9.5 percent (or \$31.4 million) to \$363.0 million compared to the same period last year. Largely responsible for the overall increase were higher transfers from Australia (up by \$24.5 million), New Zealand (up by \$12.5 million) and American Samoa

(up by 11.0 million). This increase is partially aided by the depreciation of the Samoan Tala against both the Australian dollar (by 3.6 percent) and New Zealand dollar (by 2.0 percent). By recipient, total funds for 'Family and Households' rose by \$94.5 million (to \$323.8 million), which accounted for 89.2 percent of total remittances for the first seven month of FY2020/21.

The monthly share of remittances inflows received through Money Transfer Operators (MTO's) edged up to 90.0 percent from 85.8 percent in January 2020 while those received directly through commercial banks fell to 10.0 percent from 14.2 percent last year.

The average monthly cost of sending NZD\$200.00 to Samoa fell to 10.93 percent in January 2021 from 11.55 percent last year whereas the average cost of sending AUD\$200.00 edged up to 9.34 percent from 8.77 percent over the year
