VISITOR EARNINGS & REMITTANCES REPORT JULY 2023

This report is a monthly release of the latest available indicators on the tourism sector and private remittances, with information sourced from the Central Bank, Samoa Bureau of Statistics and the Ministry of Customs and Revenue.

Report No.1: 2023/24 July 2023

Visitor Arrivals¹

After 4 months of consecutive hikes, the total number of **visitor arrivals** contracted by 4.2 percent (751 visitors) in July 2023, down to a total of **17,270 visitors** when compared to the previous month.

By country, the overall decline over June 2023 was underpinned by decreases in visitors from American Samoa (down by 707 visitors) and Australia (down by 664 visitors), offsetting hikes in visitor arrivals from United States, Europe and New Zealand. In terms of by purpose of visit, the drop in the number of visitors was recorded for those who were here for 'Visiting Friends and Relatives' (down by 1,889 visitors).

As a result, total international visitor receipts declined by 9.3 percent (or \$5.4 million) to a total of \$52.3 million over the previous month. This was accounted for by lower earnings from Australian visitors (by \$4.8 million) and American Samoa (by \$2.4 million). Proceeds from visitors that were here for 'Visiting Friends and Relatives' and 'Business and Conference' declined by \$7.8 million and \$0.7 million respectively, offsetting increases in spending from those who were here for 'Other' purpose of travel, 'Holiday' and 'Sports'

Remittances

Total inflow of remittances rebounded by 0.7 percent (or \$0.5 million) to \$74.3 million over the previous month but was 10.6 percent (or \$8.8 million) lower when compared to the same month of last year.

Largely underpinning the overall increase in remittances over June 2023 were hikes in funds from United States (up by \$2.3 million), Australia (by \$1.3 million) and 'Others' (by \$0.9 million), offsetting reductions from New Zealand and American Samoa. This was also partially assisted by a depreciation of the Samoan Tala against the NZ dollar and US dollar by 0.6 percent and 0.1 percent in that order. In terms of recipients, the expansion came from 'Non-profit institution serving households' (NPISH)² (by \$1.4 million) and 'Family and Households' (by \$0.9 million).

The monthly share of total remittances received through Money Transfer Operators (MTOs) fell to 77.9 percent of total funds received from 87.4 percent over the same period of last year while funds received through commercial banks went up to 22.1 percent from 12.6 percent in July 2022.

The average monthly cost of sending NZD\$200.00 to Samoa fell to 7.09 percent of total funds from 8.69 percent in July 2022 while the average cost of sending AUD\$200.00 to Samoa went up to 6.82 percent from 6.39 percent in July of 2022.

CENTRAL BANK OF SAMOA 11th September 2023

¹ Samoa re-opened its border to international travelers on 1st August 2022. Cruise ship tourists are not counted as tourist as they are only in Samoa for a day but their spending is included as part of tourist earnings.

² Includes funds for churches, non-profit organizations and charities
