SAMOA FINANCIAL
INTELLIGENCE UNIT

July 2019 - June 2020 ANNUAL REPORT

OUR VISION

Samoa to be the leading Pacific Island Nation in the most practical application of international standards on anti-money laundering ('AML') and countering terrorist financing ('CFT').

OUR MISSION

To effectively detect, deter, disrupt and prevent money laundering and terrorist financing in Samoa in collaboration with the pertinent national agencies, private sector and international counterparts. This trail will blaze toward a stable and safe financial, social, economic and political environment.

An effective AML system requires appropriate laws, motivated sufficiently resourced and informed authorities, and an engaged private sector.

AML is no more effective in reducing the harm caused by crime than any other law if the law is not enforced.

OUR KEY STRATEGIC GOALS

- i. Strengthen AML/CFT capacity in view of risks and vulnerabilities of Samoa's financial sector;
- ii. Improve compliance of AML/CFT regime with Financial Action Task Force (FATF);
- iii. Improve information and intelligence network;
- iv. Increase engagement with Financial Institutions (FIs) and Designated Non-Financial Business and Professions (DNFBPs) to promote a better understanding of the AML/CFT obligations and ML/TF risks and trends facing Samoa; and
- v. Strengthen working relations and cooperation with law enforcement and supervisory agencies both domestically and internationally in terms of information sharing for the detection and prevention of ML/TF activities.

GOVERNOR'S FOREWORD

It is my great pleasure as the Governor and Head of the Money Laundering Prevention Authority to introduce the 2019-2020 Annual report for the Samoa Financial Intelligence Unit (FIU). The FIU was established under the Money Laundering Prevention Act 2007 (MLP Act) to carry out the implementation of the international Anti Money Laundering and Counter Financing of terrorism (AML/CFT) standards or the Financial Action Task Force (FATF) standards. It is currently a department under the Central Bank of Samoa.

This report will look at providing a summary of the work and activities that the FIU has carried out. This annual report will also provide the mandate and the duties and responsibilities of the FIU. In a nutshell during this time the FIU has carried out extensive work in implementing the AML/CFT standards.

This year the FIU had a full schedule to carry out AML/CFT onsite inspections for the financial institutions namely the Commercial Banks and the Money Transfer Operators (MTOs). Unfortunately due to the pandemic of the Coronavirus (COVID-19) and the Samoa State of Emergency declarations only eight MTOs have been inspected. The inspection for other MTOs and Commercial Banks has been postponed until further notice. FIU also conducted refresher training for FIs compliance and other staff during the onsite inspection regarding their requirements under the law.

In addition the FIU Information Communication Technology (ICT) database system on Cash Transaction Report (CTR) has gone Live, this is part of our continuous efforts to address anti-money laundering and countering terrorist financing issues. The rationale is to ensure that our financial system are well protected from the potential threat of money laundering and terrorist financing channeling through our financial system in large amounts. Also this contributes to the solution of de-risking or the closing down of bank account of MTOs by correspondents banks. The system was designed by a local ICT company - Computer Service Limited ("CSL") and funded by the Asia Pacific Group ("APG") grant from the New Zealand Foreign Affairs and Trade.

The FIU also received Technical Assistance (TA) from Asia Development Bank (ADB) for the purpose of conducting its detailed National Risk Assessment (NRA) in accordance with the requirements of the FATF. The ADB is also funding a project intended to develop a Know Your Customer (KYC) and Customer Due Diligence (CDD) application for Money Transfer Operators and local Commercial Banks in Samoa. This is a pilot project in which Samoa and ADB are leading in order to resolve Correspondent banking de-risking issues. The project is still in development phase. The APG also hired a TA to assist Samoa in preparation for its next Follow-up Assessment (FUA) on effectiveness scheduled for 2021-2022. This project is currently in progress.

FIU continues to work with other regional FIUs and relevant international agencies, to share relevant information and attend trainings that will improve our capacity to combat money Laundering. FIU acknowledges that cooperation between our financial institutions and our national agencies is vital for strengthening our AML/CFT framework, we continue to work to maintain this cooperation. Also vital is the relationship with our regional partners such as the APG and regional FIU's and our goal is to foster and strengthen these relationships.

GOVERNOR

AND HEAD OF THE MONEY LAUNDERING PREVENTION AUTHORITY

1. BACKGROUND

Financial Action Task Force (FATF)

Money laundering is a transnational crime and has become a global problem. In response to mounting concern over money laundering, the FATF was established in July 1989 by Group of Seven (G7) member countries in Paris in 1989. Its mandate focuses only on the fight against money laundering (ML) and terrorist financing (TF).

The FATF issued and developed a series of Recommendations that are recognized as international standards. They set and promote effective implementation of standards for combating ML, TF and Proliferation. It is a requirement for FATF member countries and associate members to comply with AML/CFT global standards as set out in the 40 Recommendations.

The FATF currently comprises 37 member jurisdiction and 2 regional organizations representing most major financial centers in all parts of the globe. Every FATF member countries and associate members play a pivotal role in combating ML and TF. The FATF monitors the efforts of its members and associate members in promoting the adoption and implementation of the FATF Recommendations globally.

One of its core functions is to conduct peer reviews of each member on an ongoing basis to assess levels of implementation of the FATF Recommendations. The FATF Methodology document sets out the criteria for assessment which was based on two components (i.e.) Technical Compliance and Effectiveness. The components are rated at different levels as clarifies in the following table:

TECHNICAL COMPLIANCE RATINGS		EFFECTIVENESS RATINGS	
Compliant	There are no shortcomings	High	Minor improvements needed
Largely Compliant	There are only minor shortcomings	Substantial	Moderate improvements needed
Partially Compliant	There are moderate shortcomings	Moderate	Major improvements needed
Non-Compliant	There are major shortcomings	Low	Fundamental improvements needed

Asia Pacific Group (APG)

The APG is an associate member of the FATF. It is an independent regional AML body, established in February 1997 by its 13 original founding members at the 4th Asia Pacific Group on Money Laundering meeting in Bangkok. Its mandate also aims on combating ML and TF in the Asia and Pacific region. The APG uses the FATF's 40 recommendations as their principles guidelines for the implementation of an effective AML/CFT measures. The APG facilitates its members in promoting the implementation of the FATF 40 standards.

The APG has been growing in membership. From its original 13 founding member jurisdictions it now consists of 41 active members making it the largest FATF-style regional body (FSRB) in the world. The APG has worked closely with the FATF since its establishment. The APG and FATF undertake joint mutual evaluations of its members under the FATF methodology.

Financial Intelligence Unit (FIU)

Samoa has become a member of the Asia Pacific Group in July 2000. The minister of finance appoints the Money Laundering Prevention Authority (MLPA) who is

Samoa as an APG member is subject to the Mutual Evaluation (ME) program. Samoa had its first mutual evaluation in May 2001, second review in July 2006 and the third round in September 2015. 3. REVIEW OF OPERATIONS IN 2019-2020

The FIU works closely with the APG in the implementation of international standards in Samoa.

3.1. The APG and the Authority activities – Implementing AML/CFT global standards.

SUMMARY OF ACTIVITIES OF THE MLP AUTHORITY

The Money Laundering Prevention Authority (“the Authority”) works to comply with the internationally recognized standards as promoted by the FATF and the APG on Money Laundering, of which Samoa is a member. The Authority also sets the strategic tone for anti-money laundering measures in Samoa, and this is implemented by its FIU. The FATF is an international organization that sets the global standards for anti-money laundering (“AML”). They divide their groups into regions, and Samoa is a member of the APG.

3.1.1. APG Plenary Meeting (August 2019)

The 22nd annual meeting of the Asia Pacific Group (APG) on Money Laundering was held in Canberra, Australia from 18 – 23 August 2019. As usual, the annual meeting is about discussions and adop-

tion of reports and activities (completed, ongoing and new). Samoa did not seek for any technical compliance re-ratings in last year annual plenary meeting 2019. Samoa will continue to focus more on amending its laws in place to address its shortcomings identified in its MER 2015 and to work more on the effectiveness of the law as previously amended.

Samoa’s next round of MER will take place in 2021 – 2022; the onsite inspection for Samoa is expected to take place between October and December 2021 and its MER/Follow-Up Assessment to be discussed at the 2022 Annual meeting.

3.1.2. Samoa’s 5th Enhanced Follow-up Report (“FUR”) to the APG

Samoa submitted its Enhanced Follow up Report to the APG on 3rd June 2020 as required under the APG Third Round Mutual Evaluation Procedures 2018. In light of the progress made since the last follow-up report, Samoa did not seek for any technical compliance re-ratings for this year 2020. Samoa will continue to work on reforms to rectify deficiencies as identified in its MER 2015. Samoa’s Follow-up Assessment (“FUA”) is scheduled to 2021-22.

3.1.3. Samoa's National Risk Assessment (NRA)

One of Samoa's key priority needs submitted to the APG in 2019. Samoa needed a Technical Assistance to provide trainings and guidance for FIU to conduct a detailed NRA for Samoa. As such the ADB through APG offered to provide assistance for Samoa and funding for a consultant to assist Samoa to revise and update Samoa's NRA. The project is currently in progress and is expected to be completed before the end of the year.

3.3 Quarterly Meetings

The FIU continue to host Quarterly meetings with the AML Task Force members and FIs compliance officers to discuss AML/CFT matters (issues, challenges and way forward).

As part of its supervisory roles, the FIU conducted trainings for financial institutions and Task Force members regarding

their AML/CFT statutory functions and responsibilities in order to strengthen awareness and remain vigilant in detecting, deterring, disrupting and preventing ML/TF activities.

The inspection for other MTOs and Commercial Banks has been postponed until further notice.

The purpose of the visit is to measure the FIs level of compliance with its statutory obligations as stipulated under the MLP Act 2007 and Money Laundering Prevention Regulation 2009 ('MLPR'), and the level of effectiveness of the FIs system and controls for detecting, deterring, disruption and preventing money laundering ('ML') and terrorist financing ('TF') activities, based on the following four (4) important elements for an effective AML/CFT Program:

- i. Internal policies, procedures and controls;
- ii. Compliance officer;
- iii. Training; and
- iv. Compliance Audit

(ii) AML/CFT Compliance Officers (AMLCO) - Regular Meetings

The FIU organize regular meetings for Compliance Officers from FIs for which is conducted every year. The main objectives of compliance meeting is to provide updates, share ideas and challenges concerning AML/CFT matters, discuss and provide assurance that their respective institution is meeting AML/CFT standards.

5. CO-OPERATION, COLLABORATION AND INFORMATION SHARING

The FIU collaborates with various bodies and partners in implementing the FATF Standards as well as exchanging of information and intelligence in the effort to combat money laundering and counter terrorism financing. These include:

5.1 APG

The FIU works together with the APG (of whom Samoa is a member) in ensuring that Samoa meets the required standards. As part of assessing compliance the FIU (in consultation with FIs and Taskforce members) submits Samoa's follow-up reports detailing our progress in implementing the AML/CFT framework. In return the APG assesses the follow-up reports and provides recommendations on what needs to be improved. The APG

and FIU have also worked collaboratively in assessing Samoa's needs including providing training and Technical assistance to further bolster FIU's work.

5.1.1 FIU ICT Database System

The FIU ICT System for the reporting of CTR via online has successfully implemented on the 12/11/2019. All CTRs for cash transactions equivalent to SAT\$20,000 and over are submitted online for most of the Financial Institutions (i.e. Commercial Banks and Money Transfer Operators). This involves sending, receiving, exchanging money or any other type of cash transaction. The system is then accessed by the FIU in order to analyze the volume of traffic of these CTR. This web-based system is a solution to the increasing number of cash transactions that are being reported to the FIU (as opposed to reporting it manually). The design and the installation of the two reports (STR and BCR) was completed in February 2020. The two reports will be implemented when the training is for all FIs on how to use the report via online is completed. This project is fully funded by APG.

5.2 EGMONT

Egmont group is a network group of FIUs (containing 159 members) that was created to provide a forum for the exchange of information confidentially to combat money laundering and Counter terrorism financing. This is an important tool for gathering information and disseminating intelligence between FIUs.

A brief summary of requests that the FIU received and made via Egmont during this period:

Requests Received	3
Requests Made	2

5.3 EXCHANGE OF INFORMATION / MEMORANDUM OF UNDERSTANDING

FIU enter into agreements such as the exchange of information agreements and memorandum of understandings with various agencies as part of the ongoing information sharing to fight against Money Laundering and counter the Financing of Terrorism. These include various local ministries and agencies as well as foreign FIUs such as Fiji, Indonesia and Papua New Guinea. These agreements provide guidance in the disseminating of information related to AML/CFT requests submitted by both parties. These types of agreements will

continue to increase as the need for inter FIU cooperation becomes more important to address the challenges of AML/CFT. No agreements signed during the period under review.

6. CAPACITY BUILDING

One of the FIU efforts is to develop and strengthen professional skills for FIU staff in the AML and CFT area, and to improve performance in the execution of tasks and responsibilities in an effective, efficient and sustainable manner.

The FIU also undertakes AML/CFT trainings and compliance trainings for financial institutions and some LEAs. This is to ensure that all stakeholders are well versed with AML matters and best practices.

6.1 AML/CFT International Donors and Technical Assistance Providers

The Central Bank is very grateful for the technical assistance and training opportunities received over the past years from the following organizations:

- Asia Pacific Group on Money Laundering (APG);
- International Monetary Fund (IMF);
- Asian Development Bank (ADB);

- United Nations Global Program on Drugs Control and Crime Prevention (UNODCCP);
- Pacific Financial Technical Centre (PFTAC);

thority and other relevant agencies with enhancing their capacities in the fighting of money laundering and counter terrorism financing.

The UNODC provides assistance and access to FIU and other LEAs staff to complete 13 modules courses on ML and TF and other related crimes. The UNODC e-Learning program is a positive way to improve the standard of the FIU and its task force members, and to assist with the implementation of AML/CFT standards, as well as the development of policies and procedures in Samoa.

d. ADB – “KYC Utility”

The ADB is funding a project intended to develop a Know Your Customer (KYC) and Customer Due Diligence (CDD) application for Money Transfer Operators in Samoa. This is a pilot project in which Samoa and ADB are leading in order to resolve Correspondent banking de-risking issues. If this project is successful the solution can also be a regional one. The development stage is still in progress.

e. CAMS Examination

Two (2) FIU staff was scheduled to sit the CAMs examination this year but due to the outbreak of coronavirus disease worldwide and to comply with the state of emergency (SOE) issued by the Gov-

ernment, the two will now have to wait until further notice or as soon as the SOE is lifted. The Certified Anti-Money Laundering Specialist (CAMS) credential is the gold standard in AML certification and recognized worldwide. The knowledge and experience from CAMS would be an asset to the development of the FIU in promoting AML compliance in terms of regulating the financial institutions, embedded effective AML program to combat ML/TF activities, and the provision of ongoing training on detection and prevention of ML/TF.
