VISITOR EARNINGS & REMITTANCES REPORT

JUNE 2026

This report is a monthly release of the latest available indicators on the tourism sector and private remittances, with information sourced from the Central Bank, Samoa Bureau of Statistics and the Ministry of Customs.

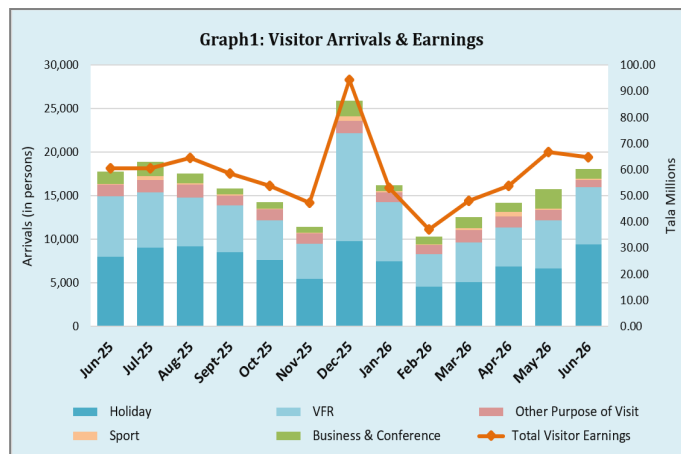

Report No.12: 2025/26

June 2026

Visitor Arrivals¹ and Earnings

Total visitor arrivals rose for the fifth month in a row, increasing by **14.7 percent (or 2,313 visitors)** to a total of **18,085 visitors**. This was also 1.9 percent (or 344 visitors) higher when compared to June of last year. (See Graph 1)

The expansion in visitor arrivals was mainly driven influx of visitors for the Independence Day celebrations, from key source markets.

The monthly increase in arrivals was due to higher number of travellers from American Samoa (up by 762 visitors), Australia (606 visitors), New Zealand (491 visitors), Other Countries (298 visitors) and the United States (188 visitors). By purpose of travel, both ‘Holiday’ and ‘Visiting Friends and Relatives’ categories recorded sharp increases of 2,749 visitors and 1,105 visitors respectively.

For the whole fiscal year **2025/26²**, total visitor arrivals reached a total of **190,844 visitors**, which

was 5.6 percent (or 10,190 visitors) higher than in the same period last year.

However, total monthly visitor receipts **declined by 2.9 percent (or \$1.9 million)** from the previous month to **\$64.8 million**. This level however, was 7.3 percent (or \$4.4 million) higher than in June 2025. The drop over the month reflected a 15.3 percent decline in the average spending per visitor, despite the hike in visitor numbers.

The drop in total receipts were mainly due to reduced spending by visitors from New Zealand (by \$9.4 million) and Europe (by \$0.1 million). By purpose of visit, reductions were recorded for ‘Business and conference’, ‘Other purpose of travel’, ‘Visiting friends and relatives’ and ‘Sports’, down by \$4.0 million, \$0.8 million, \$0.5 million and \$0.3 million in that order.

Furthermore, total visitor earnings for the **twelve months of FY2025/26** reached **\$701.5 million**, which was by **7.6 percent (or \$49.6 million)** higher than the same period in FY2024/25.

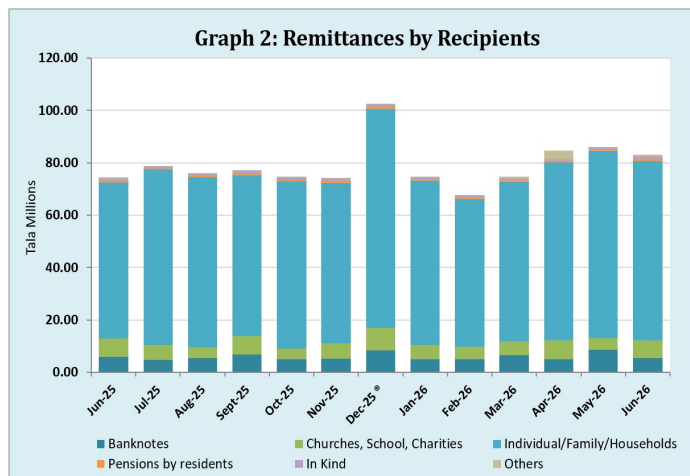

Remittances

Total monthly remittances declined by **3.3 percent (or \$2.8 million)** from the previous month, reaching **\$83.0 million**. However, total remittances were **11.5 percent (or \$8.6 million)** higher when compared to its level in **June 2025**. (See Graph 2)

¹ Samoa re-opened its border to international travelers on 1st August 2022. Cruise ship tourists are not counted as tourist as they are only in Samoa for less than a day but their spending are included as part of tourism earnings (travel credit).

² Fiscal year starts from July and ends June

Graph 2: Remittances by Recipients

\$43.4 million), ‘Hand carried cash’ (up by \$8.1 million) and NPISH³ (up by \$1.7 million).

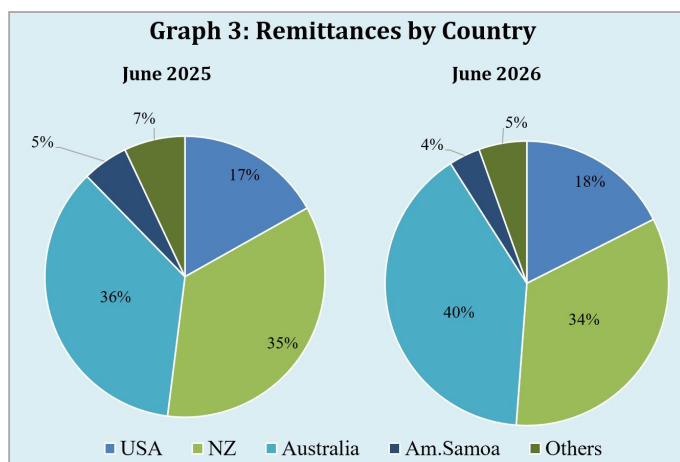

Money Transfer Operators (MTOs) remained the dominant remittance channel in June 2026, accounting for 72.4 percent of total transfers. This was slightly lower than 73.4 percent in May 2026 but higher than 72.3 percent in June 2025. In contrast, the share of remittances received through commercial banks rose to 27.6 percent in June 2026, up from 26.6 percent in the previous month but slightly below 27.7 percent in June 2025. (See Graph 4)

The monthly drop reflected lower inflows from New Zealand (down by \$5.5 million), Australia (by \$2.9 million) and American Samoa (by \$0.5 million). In terms of recipients, reductions were recorded for ‘Hand carried cash’ and ‘Family and households’ transfers, by \$3.1 million and \$2.8 million in that order. (See Graph 3)

Traditional MTOs⁴ accounted for the bulk of non-bank remittance inflows at 69.0 percent, while electronic MTO platforms took up the remaining 3.4 percent.

According to the data obtained from *Send Money Pacific*⁵, the average cost of sending NZD\$200 to Samoa rose slightly to 7.34 percent in June 2026, while the cost of sending AUD\$200 rose to 7.38 percent. Despite remaining below their levels a year earlier, both costs continue to exceed the UN Sustainable Development Goal target of 3.0 percent by 2030.

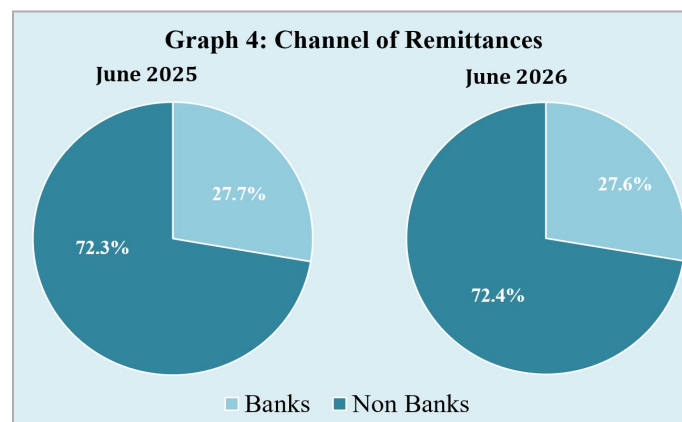

Graph 3: Remittances by Country

As a result, total remittance transfers for the whole fiscal year 2025/26 reached **\$952.8 million**, an increase of **5.5 percent (or \$50.0 million)** compared to the same period of FY2024/25.

This overall increase for the whole year was mainly driven by stronger inflows from Australia (up by \$48.8 million) and New Zealand (by \$13.4 million). By purpose, the growth was largely attributed to higher transfers for ‘Family and households’ (up by
